

# THE LOVE STORY

**Joanna was not interested in meeting anyone. But boredom brought her to the internet. Jesper contacted Joanna because she sparked his interest.**

She liked him because he asked fun and curious questions. He liked her because she was interesting and smart **but** he was frustrated with her slow responses.

When Jesper signed a 2 year contract for a based position Luxembourg he considered dissing her, since days could pass with out a reply from this mysterious, hard to catch woman.

**But** then one rainy Sunday the e-mails kept flying back and forth between the two of them. All of a sudden they were both **excited** and couldn't wait for next message to come in the mail.

He asked her out.

They...

... **HAD** NO IDEA IT WAS GOING TO BE THEIR ONE AND **ONLY DATE.**

## THE DATE

**Finally** they stood face to face on the platform. O dear, a blonde nervy babe meets stiff Alpha male. Jesper was even better looking IRL (*old folks; that menas in real life*)! Probably Jesper wasn't that disappointed with Joanna's looks either. Standing there at the platform they just knew. *This was it!* The dinner with good wine and lots of laughter was very romantic. But most important of all – **they fell in love.**

## THE SECRET

Everybody knew about it and it was killing him that he hadn't told Joanna the truth. Scared for the relationship Jesper only told her he needed to work in Luxembourg for a week. The week turned into a couple of weeks. "I've got something to tell you", finally Jesper said one day when Joanna was visiting. He held her down on the couch. She couldn't move. "I signed a 2 year contract here in Luxembourg", he said. "That's all?" Joanna sighed with relief.

**The long-distance dating model was not really a favorite.**

So, after a few months Joanna and **Brooklyn** jumped in the car and moved down to Luxembourg. Everything was great until Joanna's biggest client folded. With that door closed and a job offer pending in Stockholm, she saw no other option than to head back north.
